Description

Benchmark Logistics International is a well-established logistics provider with over 23 years of industry experience. As a proud member of the world's largest logistics network, WCA, and affiliated with Pangea, Globalia, and Freightworld networks, we are positioned to deliver seamless global connectivity. Our core import trade lanes include China, Hong Kong, Singapore, Malaysia, India, and Europe, while our key export markets cover Europe and the USA. Benchmark operates its own LCL and air consolidation services from major ports across China, Hong Kong, Singapore, and India, ensuring reliable and cost-efficient solutions for our clients. With in-house customs brokerage, a dedicated transport fleet, and offices strategically located in major export processing zones, Benchmark provides a comprehensive range of logistics services under one roof, offering customers efficiency, flexibility, and trust.

Other Services 3PL / Trucking
